General Information

The rates quoted are subject to change without prior warning if there are any increases in bed levies, park fees, fuel, sales tax or VAT, third-party services or any other circumstances beyond our control in the countries featured in this quote/booking. All guests must take out comprehensive travel insurance covering them for personal effects, personal accident, medical and emergency travel expenses, cancellation and curtailment. The airfare and airport tax quoted are current and subject to change without prior warning should the airline impose an increase in rates for any reason. The airfare quoted is based on the lowest class of fare available at the time of quoting and is subject to seats being available in that class at the time of booking. Should the class not be available at the time of booking, the next applicable fare will be booked, and amended costs advised accordingly. Please note that fares may increase between the time of booking, time of payment, and the ticket being issued. **TBT** cannot be held responsible should airlines discontinue flights on certain routings or change scheduled timetables resulting in missed connections etc. Should an amendment in a routing or itinerary be necessary, we will re-quote you accordingly. To comply with international insurance requirements, all airline tickets must clearly show the passenger's title, full name and surname (as indicated in your passport). As this applies to both scheduled and charter flights, we would be grateful if you could provide us with this information as soon as possible. Check-in for domestic departures are one hour prior to departure and for international departures the check-in is two hours prior to flight departure. Late check-in may result in your reservation being cancelled. Due to recent international events, many airlines/airports have extended the check-in times of both domestic and international flights.

Tel/Fax: +27 11 477 2544
Emergency Numbers: +27 76 191 3021 / +27 72 609 9344

It is essential to ensure that guests adhere to these times. Please confirm prior to departure. Please ensure you are aware of this as late check-in may result in your reservation being cancelled. It is of utmost importance that you thoroughly check your visa requirements before your intended date of travel, as **TBT** cannot be held responsible should the necessary visa requirements not be fulfilled. Border officials in some countries are not in a position to issue visas on the spot, hence the need for obtaining visas in advance. Both the cost, currency, accepted method of payment, and type of visa (i.e., single, double or multiple entry) should be checked in advance to avoid any inconveniences and delays when entering countries or crossing borders. This is of particular importance as some countries change their visa requirements with little or no warning. Please be aware that any scheduled or charter flights booked may involve multiple stops en route before reaching your final destination. Guests must therefore always take out their own medical insurance to cover all expenses after admission. Please contact us should further information be required. Please advise us of any specific dietary requirements that you may have and these will be communicated to the respective lodge/establishment. Should you have any additional dietary requirements, such as kosher meals, it is likely that these will incur additional costs).
